

The Guardian Range of Kiosks

Virtually Maintenance-Free Glassfibre Construction

Designed with a life expectancy in excess of 20 years, the Fibaform Guardian range of kiosks offers a practical and cost effective solution wherever personnel need protection from the elements. We are able to supply kiosks that match customers requirements exactly. We therefore offer a full range of optional extras, allowing you to customise the kiosk to your particular needs.

The Fibaform Guardian range of kiosks are fully insulated throughout with high density polyurethane foam bonded between the inner and outer skins during the moulding process, to a " U " value of approximately 1.2Wm sq. Higher levels of insulation can also be specified.

Options include:

- ◆ Any colour from BS4800 range. at no extra charge
- ◆ Full range of windows and doors
- ◆ External security shutters
- ◆ Worktops / Wcs / Kitchen units
- ◆ Electrical installation
- ◆ Heating / Ventilation / Airconditioning

Sizes / Models

Model	Width	Length	Height
1212	1200mm	1200mm	2250mm
1215	1200mm	1500mm	2250mm
1217	1200mm	1700mm	2250mm
1121	1100mm	2100mm	2250mm
1224	1200mm	2400mm	2250mm
2424	2400mm	2400mm	2250mm

Windows

Windows are manufactured from 4mm toughened glass in anodised aluminium or powder coated frames. Windows can be specified with either radius or square corners. Frames can also be supplied to match the exterior colour of the kiosk. Double glazing and sun reflective glass can also be specified.

See our separate window specification sheet for full details.

Doors

Standard doors are constructed of reinforced glassfibre and are fitted with stainless steel hinges, mortice lock and check straps. Doors on 2.4m panels are fitted to the left. Doors can be hung on the left or right (not interchangeable).

Options:

Aluminium framed top glazed door.
Heavy duty door closer.
Door moved to right of panel position.

Vending Hatch

Glassfibre vending window with stay (can be specified for either 1200mm or 2400mm panel)

Ventilation

100mm diameter roof mounted manual ventilator
150mm diameter wall or roof mounted extractor fan.

Fixing

Kiosks are supplied ready to be fitted onto a level concrete base using 10mm expanding bolts. Alternatively, kiosks can be supplied with a steel base with fixing points allowing units to be used where a concrete base is not practical.

Interior Finish

The interior of the kiosks is finished in a flecked washable textured coating.

Options:

Resin coated internal finish in any colour from the standard external colour range.

Electrics

Standard set of electrics comprises:

Fluorescent light fitting, switched 13 amp double socket wired into a 4 way consumer unit with mini circuit breakers and main RCCB.

Options:

2kw wall mounted convector heater.
IP 65/66 rated fittings.

Floors

Standard floors comprise of 18mm "Garuda Mesh" phenol coated hard wearing anti-slip plywood over a 25mm layer of E.P.S. polystyrene for insulation.

Options:

Heavy duty vinyl floor covering.
Heavy duty contract carpet tiles.
Ribbed rubber matting

Canopies & Shelving

Kiosks can be supplied with external canopies (500mm wide) and shelves (230mm wide). These are manufactured from glassfibre and can be specified in the same or a different colour to the kiosk if required.

Options:

GRP canopy for 840mm x 500mm and 840mm x 840mm windows.
GRP canopy for 1750 x 840mm windows
GRP shelving 1000mm
GRP shelving 2000mm

Security

Kiosks can be supplied with glassfibre shutters to give protection to windows. These are supplied in the same colour as the kiosk and can be either hinged or fitted in aluminium tracking. Alternatively, steel mesh anti-vandal guards or roller shutters can also be specified.

Options:

GRP shutter for 840mm x 500mm and 840mm x 840mm windows.
GRP shutter for 1750mm x 840mm window.
Steel mesh anti-vandal guard for 840mm x 500mm window.
Steel mesh anti-vandal guard for 840mm x 840mm window.
Steel mesh anti-vandal guard for 1750mm x 840mm window.

Miscellaneous

Options:

Heavy duty interior shelving.
Document drawer with lock.
WC cubicle (with hand basin and cold water supply loose fitted).
Electric hot water heater.
Airconditioning
Kitchen area

External Colour

Any colour (gloss) from the BS4800 range.

Options:

Range of textured finishes available, details on application.
